Welcome! The SCIS Band is proud to present to you our first concert. This performance showcases the start of the year skills and short lines that we have learned during the first eight weeks of school. As you know, learning to play a wind or percussion instrument takes time and dedication. We are so pleased with our students' current progress! This concert will serve as a terrific benchmark for how quickly your young musician learns and grows this year as you hear the next concert in December! Please enjoy our first concert!
